MEMBERSHIP

Section 1. Membership Requirements.

Membership in the Association shall comprise Fellows, Members, Resident Members, Affiliate Members, Emeritus Members, International Corresponding Members and Medical Student Members. The qualifications for each class of membership are defined herein below.

A. “**Fellows**” shall be physician medicolegal death investigators who:

- (i) are certified in forensic pathology by the American Board of Pathology or its international equivalent as determined by the Board of Directors, or
- (ii) have been certified in forensic pathology by the ABP or its international equivalent, and have not had that certification revoked due to misconduct; or
- (iii) prior to 2008:
 - (a) have completed a training program in forensic pathology that is accredited by the Accreditation Council on Graduate Medical Education, or
 - (b) have been officially “qualified for examination” in forensic pathology by the American Board of Pathology.

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

- (iv) Maintenance of certification (MOC) through the ABP is not required to maintain NAME Fellow status nor to be considered "Board-certified in Forensic Pathology" for purposes of NAME Accreditation as long as the physician had been initially certified in forensic pathology by the American Board of Pathology (ABP) or its international equivalent and has not had that certification revoked due to misconduct.

B. **"Members"** shall be physician medicolegal death investigators other than those meeting the criteria designated in the definition of Fellow set forth in Section 1.A. of this Article II of these By-Laws. Members shall include pathologists, forensic pathology fellows, physician medical examiners, and physician coroners, provided, however, that the foregoing examples are provided for clarity and mere possession of any of the foregoing job titles does not automatically qualify any individual for membership as a Member.

C. **"Resident Members"** shall be pathology residents who are involved in pursuing a career in any field that, upon completion of such residency and/or training, would permit membership as a Fellow or as a Member. Resident member applicants must provide a letter from training director that they are in an ACGME or Royal College of Physicians of Canada accredited training program.

D. **"Affiliate Members"** are comprised of the following five (5) sub-classes of members:

- (i) **"Investigator Affiliates"** shall be death investigators officially involved in a death investigation system who assist Fellows or Members at the time of their application for membership; members of the United States Army Criminal Investigation Command; United States Air Force Office of Special Investigations; or Naval Criminal Investigative Service who conduct death investigations. Investigator Affiliates must be sponsored by a Fellow or Member in accordance with procedures established by the Association and shall work closely with the sponsoring Fellow or Member in the medicolegal investigation of deaths.
- (ii) **"Administrator Affiliates"** shall be administrators within an official death investigation system. Administrator Affiliates shall be sponsored by a Fellow or Member in accordance with procedures

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

established by the Association and shall work closely with the sponsoring Fellow or Member in administration of an office which officially investigates deaths.

- (iii) **“Professional Consultant Affiliates”** shall be persons having expertise utilized by or affiliated with Fellows or Members in the official investigation of deaths. Professional Consultant Affiliates shall be sponsored by a Fellow or Member in accordance with procedures established by the Association and shall work closely with the sponsoring members in the medicolegal investigation of deaths.
- (iv) **“Support System Affiliates”** shall be non-consultant support personnel who assist Fellows, Members, or other Affiliates or others in performing death investigation or other forensic duties. Support System Affiliates shall be sponsored by a Fellow or Member in accordance with procedures established by the Association. Support System Affiliates may include autopsy assistants, non-investigator forensic nurses, police crime scene investigators and forensic photographers. Notwithstanding anything in this Section 1.D.(iv) to the contrary, the foregoing examples are provided for clarity and mere possession of any of the foregoing job titles does not automatically qualify any individual membership as a Support System Affiliate.
- (v) **“Trainee Affiliates”** shall be students who have received a diploma evidencing satisfactory completion of their secondary education who are involved in pursuing a career in any field that would qualify the individual as an Affiliate Member. Trainee Affiliates shall be sponsored by a Fellow or Member in accordance with procedures established by the Association.

E. **“Emeritus Members”** shall be those Fellows, Members, or Affiliate Members who:

- (i) Have ten (10) years of membership with the Association or its immediate predecessor in interest and are fully retired from the practice of forensic science; or
- (ii) Have ten (10) years of membership with the Association or its immediate predecessor in interest and are at least seventy (70)

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

years old; or

- (iii) Have five (5) years of membership with the Association or its immediate predecessor in interest and are disabled.

Designation as an Emeritus Member shall be made upon approval of Membership and Credentials Committee. The Membership and Credentials Committee may refer this application to the Board of Directors for final action, consistent with the application review procedures delineated in Article II, Section 2 of these Bylaws. For purposes of determining eligibility for Emeritus Membership status, the member must have paid dues for at least the required total number of years of membership as enumerated for the categories defined above. Emeritus Members shall not be required to pay dues or assessments, but shall receive all general membership mailings and shall retain all the rights and privileges as for the membership class to which they belonged at the time they became Emeritus Members.

F. **"International Corresponding Members"** shall be physicians or other practicing medicolegal death investigators who reside outside of the United States of America or Canada. International Corresponding Members shall be forensic pathologists, physician medical examiners, physician coroners, and those engaged in the teaching or practice of legal medicine, provided, however, that the foregoing examples are provided for clarity, and mere possession of any of the foregoing job titles does not automatically qualify any individual for membership as an International Corresponding Member, nor does lack of such title automatically disqualify any individual who is a practicing medicolegal death investigator.

G. **"Medical Student Members"** shall be students enrolled in an accredited medical school in the United States or Canada, or its international equivalent as determined by the Board of Directors, who express an interest in pursuing a career in forensic medicine. Medical Student Member applicants must provide a letter from a faculty member confirming that they are enrolled in a qualified medical school as defined above.

Section 2. Application for Membership.

Membership applications received by the Secretary-Treasurer shall be forwarded to the Membership and Credentials Committee, which shall review the applications electronically within 10 business days. The review process shall include a vote on the action to be taken on the application: to accept the applicant for membership, to reject the applicant for membership, or to defer a decision to the Board of Directors. If an

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

applicant is deemed qualified for a membership category by vote of the Membership and Credentials Committee, the applicant will be admitted to membership in that category. If an applicant is deemed unqualified for membership by vote of the Membership and Credentials Committee, the applicant will be rejected for membership. If the Membership and Credentials Committee cannot reach a majority decision to accept or reject an applicant, or if for any reason the Membership and Credentials Committee believes that an application should be considered by the Board of Directors, that application shall be referred to the Board of Directors for final action. Any application that is referred for review by the Board of Directors shall be submitted electronically to the Board of Directors, which may conduct its review and vote electronically, or may defer deliberation and action to its next meeting. The action of the Membership and Credentials Committee or the Board of the Directors to accept or reject an application for membership shall be by majority vote, but such action may be overruled by a two-thirds vote of the membership entitled to vote in attendance at the next annual meeting. Applicants will be notified of the status of their application, whether acceptance for membership in the specified category, rejection of the application, or pending review by the Board of Directors, within 30 business days of application.

Section 3. Voting.

- A. Fellows. All Fellows shall have unrestricted voting privileges.
- B. Members and Resident Members. Members and Resident Members shall be entitled to vote for Officers, members of the Board of Directors, and on such other matters as may be determined from time-to-time by a two-thirds (2/3) vote of the Board of Directors. Voting may be restricted to a selected subset of membership categories. If an issue arises at a membership meeting that requires a vote and the Board of Directors has not previously decided upon which categories of Members and Resident Members may participate, the members of the Board of Directors in attendance must convene prior to the vote to determine which membership categories may vote on such issue.
- C. Investigator Affiliates and Administrator Affiliates shall be entitled to vote for Officers and such other actions or matters as affect Affiliate Members. If determination of whether an action or matter affects Affiliate Members has not been made prior to such vote by the Board of Directors, upon request by any Investigator Affiliate or Administrator Affiliate, the Board of Directors shall make such determination prior to any such vote.
- D. Professional Consultant Affiliates, Support System Affiliates, Trainee Affiliates and International Corresponding Members shall be non-voting members with respect to all matters.

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

E. Emeritus Members shall have the same voting privileges as for the membership class to which they belonged at the time they became Emeritus Members.

F. Notwithstanding anything in this Section 3 to the contrary, each class and sub-class of member is entitled to vote on any proposed amendment to the Articles of Incorporation or the By-Laws of the Association if the amendment would change the rights of that class as to voting in a manner different than such amendment affects another class or members of another class, or as otherwise required by non-waiveable provisions of the Missouri Nonprofit Corporation Act.

Section 4. Meetings.

A. An annual members meeting shall be held by the Association, either in-person or virtually, with the exact date to be determined by the Board of Directors in consultation with the Executive Committee. The Secretary-Treasurer shall give the membership at least sixty (60) days' prior written notice of the annual meeting.

B. Ten percent (10%) of the Fellows of the Association shall constitute a quorum for the transaction of business at a meeting of the members, whether in-person or virtual. If a quorum shall not be present at any such meeting, the President shall have the power, successively, to adjourn the meeting, without notice other than announcement at such meeting, to a specified date. At any such adjourned meeting at which a quorum shall be present, any business may be transacted which could have been transacted at the original session of such meeting.

C. Special Meetings, in-person or virtual, may be called by the President with the approval of the Board of Directors and the Executive Committee. Notice of any special meeting of the members shall state the place, day and hour of the meeting and the purpose or purposes for which the meeting is called and shall be delivered at least thirty (30) days but not more than sixty (60) days prior to such special meeting.

D. Notice of any special or annual meeting shall be deemed sufficient when such notice is delivered at least thirty (30) days, but not more than sixty (60) days, prior to such meeting by facsimile, electronic or first class mail to each member of record entitled to vote at such meeting at the address of each such member as it appears on the records of the Association. In the event that an electronic or facsimile transmission is known to have failed, the Association shall deliver the notice by first class mail, provided that, in any event, the notice shall be deemed effective upon the date of the original electronic or facsimile transmission. Attendance of a member at any meeting shall constitute a waiver of notice of such meeting except where a member attends a meeting for the express purposes of objecting to the transaction of any business

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

because the meeting is not lawfully called or convened.

E. Unless otherwise required by law or the By-Laws of the Association, the act of the majority of the members present and entitled to vote on such action shall be the act of the members of the Association. In the event of an annual meeting being held virtually, the election of officers, directors, and others will conform to the bylaws. The Nominating Committee will present candidate nominations as prescribed. The election process will include the opportunity for nominations by members, nominees to all positions may record a virtual statement in support of their candidacy, and electronic voting will be enabled to NAME members in the appropriate membership categories, overseen by the current NAME President.

F. The deliberations of the Association shall be governed by parliamentary usage as contained in the latest edition of The American Institute of Parliamentarians, Standard Code of Parliamentary Procedure, when such usage shall not be in conflict with the Bylaws of this Association.

ARTICLE III

BOARD OF DIRECTORS

Section 1. General Powers and Purpose.

The business, property and affairs of the Association shall be overseen by its Board of Directors. The purpose of the Board of Directors shall be to formulate the broad policies of the Association and to consult with the Officers and Executive Committee with regard to any major problems that may arise in connection with the Association's program or activities, or any significant issues that may confront the nation's medical examiners as a whole.

Section 2. Number and Qualification.

The number of voting Directors of the Association shall be twenty-seven (27) or such other number, but not fewer than three (3), as may be designated from time-to-time by amendment to these By-Laws. The Board of Directors shall be comprised of the Officers elected from time-to-time pursuant to Article V, Section I of these By-Laws, who shall serve ex officio with full voting privileges; the immediate past President, who shall also be the Chairperson of the Board of Directors; twenty-one (21) Fellows (with the allowance that no more than two (2) Members may be elected to any of the Director positions allotted for Fellows); and one (1) Investigator Affiliate; and one (1)

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

Administrator Affiliate. The Chairperson of the National Association of Medical Examiners Foundation shall serve as a non-voting ex-officio member of the Board. All other members of the Board of Directors, including those members who are Members and Affiliate Members, shall be entitled to one vote for each matter presented for consideration. A member of the Association must have been in good standing with the Association for a minimum of five (5) years in order to be eligible to be a member of the Board of Directors. Additionally, in order to be eligible to be a member of the Board of Directors, Fellow and Member candidates must attend not less than one-half (1/2) of the annual and special meetings of the members during the five (5) year period prior to being elected to the Board of Directors, and Affiliate Members must either present a paper or poster at a meeting or participate as a member of a committee of the Association during the preceding five (5) years. Failure to attend at least one-half (1/2) of the annual and special meetings after election shall cause such Director to be ineligible for re-election and may, except for good cause shown, subject such Director to suspension from the Board.

Section 3. Term.

A. Those members of the Board of Directors who are Directors by reason that they are Officers or the immediate past President shall serve only for so long as they are Officers or the most recent past President, respectively.

B. Each Director of the Association, other than the Officers or the immediate past President, shall hold office commencing January 1 of the year following election until the December 31st following the third next annual meeting, except as otherwise provided for below, unless sooner removed or disqualified as provided by these By-Laws. The Directors initially appointed following adoption of these By-Laws shall have terms allocated by lot of one (1), two (2) and three (3) years, so that as near as possible, one-third (1/3) of the Directors stand for election, at every annual meeting thereafter. As one of the orders of business of each annual meeting, Directors, in a number equal to the number of Directors whose terms will expire as of the following December 31st or for which other vacancies exist, shall be elected by a majority vote of members then present and qualified to vote. If no new Directors are elected, the Directors serving immediately prior to the meeting at which an election for new Directors was conducted shall continue in their position on the Board of Directors to serve year-to-year unless sooner removed or disqualified unless such Director resigns. A member elected to a full term on the Board of Directors may only be elected to one additional consecutive term. A member elected to fill a vacancy on the Board of Directors may be elected to up to two additional consecutive terms. This term limitation shall not preclude a former Director from being re-elected at a later time. Notwithstanding this, Directors from the categories of Investigator Affiliate and Administrator Affiliate may be reelected if no properly qualified person is available and willing to serve in those categories on the

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

Board of Directors. The Secretary-Treasurer of the Association shall notify all newly elected or retained Directors of such action, unless such Director was present at the meeting resulting in such action. If a Director is not present at such meeting at which such person was elected to the Board of Directors, such Director shall evidence acceptance of a directorship in writing or by appearing at any annual or special meeting of the Board of Directors without objection.

C. Newly created directorships resulting from any increase in the authorized number of Directors shall be allocated initial terms of office such that, as much as reasonably possible, one-third of the Directors' terms of office expire each year.

D. Any vacancy in the Board of Directors resulting from death, resignation, retirement, disqualification, removal from office or otherwise shall be filled by appointment of the President, which Director shall serve until the next annual meeting of the members, at which time an election shall be conducted to fill the position of such unexpired term.

Section 4. Quorum; Adjournment.

Eight (8) members of the Board of Directors shall constitute a quorum for the transaction of business at a meeting of the Board of Directors, and the act of the majority of the members of the Board of Directors then present shall be the act of the Board of Directors unless the Articles or another provision of these By-Laws require a greater proportion. If a quorum shall not be present at any such meeting, the President, or Vice President if the President is not then present, shall have the power, successively, to adjourn the meeting, without notice other than announcement at such meeting, to a specified date. At any such adjourned meeting at which a quorum shall be present, any business may be transacted which could have been transacted at the original session of such meeting.

Section 5. Meetings.

A. The annual meeting of the Board of Directors shall be held in conjunction with the annual membership meeting, whether in-person or virtual. Special meetings of the Board of Directors may be held at any time upon call of the President or Chairperson of the Board of Directors.

B. Meetings of the Board of Directors may also be conducted by means of conference telephone call or similar communications equipment provided that all persons participating in the meeting can fully participate. Any meeting conducted in such a manner shall constitute presence in person at the meeting.

National Association of Medical Examiners Bylaws (Amended September 24, 2021)

C. In accordance with Section 355.381 R.S.Mo., as amended, if all the Directors consent in writing to any action to be taken by the Directors, such consents shall have the same force and effect as a unanimous vote of the directors at a meeting duly held, and may be stated as such in any certificate or document. The Secretary-Treasurer shall file such consents with the minutes of the meetings of the Board of Directors.

Section 6. Notice.

Notice of any annual or special meeting of the Board of Directors shall be given at least ten (10) days prior thereto by facsimile or electronic transmission or mailed to each Director. Notice by facsimile transmittal or electronic transmission shall contain a statement of the date, time and number or electronic address, as the case may be, to which such transmittal was directed. In the event that an electronic or facsimile transmission is known to have failed, the Association shall deliver the notice by first class mail, provided, that, in any event, the notice shall be deemed effective upon the date of the original attempted electronic or facsimile transmission. Notice to a Director may be waived by executing a written waiver thereof or by attendance at any meeting except where a Director attends a meeting for the express purpose of objecting to the transaction of any business because the meeting was not lawfully called or convened. Notice of any regular or special meeting of the Board of Directors shall state the business to be transacted or the purpose thereof.

Section 7. Presumption of Assent.

A Director of the Association shall be presumed to have assented to the action taken on any corporate matter at a Board of Directors meeting at which such Director is present, unless their dissent shall be entered in the minutes of the meeting or unless such Director shall file their written dissent to such action with the Secretary-Treasurer of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the Secretary-Treasurer of the Association immediately after the adjournment of the meeting. A Director who voted in favor of such action may not so dissent.

Section 8. Removal of Directors.

Directors may be removed, with or without cause, in the manner and subject to the limitations provided by law, upon the affirmative vote of two-thirds (2/3) of the Directors at any annual or special meeting of the Board of Directors with prior notice of such proposed action being given to the Directors in conformance with Section 6 of this Article III. Upon removal as herein provided, no Director may be reappointed to the Board of Directors within two years of such removal.

ARTICLE IV

G. If the Ethics Committee decides to formally hear the charge(s), it shall give both the accused and the accuser(s) a reasonable opportunity to be heard and to confront each other. It shall then make a decision and notify both parties of its decision. Members who have been expelled from membership for violations of law may apply to the Board of Directors for reinstatement if the member is found not guilty of the offense, if the conviction is overturned or expunged, or if the member is pardoned for the offense. Members who have been expelled from membership for reasons other than violations of law may apply to the Board of Directors for reinstatement if the basis for expulsion can be shown to have been materially inaccurate, or if probative new information is produced that was not available at the initial Ethics Committee hearing that resulted in expulsion. The Board of Directors may forward the request for reinstatement to the Ethics Committee and/or the Membership and Credentials Committee for further review and recommendation. The expelled member may be reinstated to membership upon a vote of three-fourths (3/4) of the members of the Board of Directors present and voting.
