

The University of Vermont
LARNER COLLEGE OF MEDICINE

**CLINICAL CHEMISTRY LABORATORY MEDICINE PHYSICIAN
UNIVERSITY OF VERMONT**

The Department of Pathology and Laboratory Medicine at the Robert Larner, M.D. College of Medicine at the University of Vermont (UVM) seeks a clinical pathologist with a focus in Clinical Chemistry. This is a full-time position with a faculty appointment on the Clinical Scholar Pathway (non-tenure) at the Assistant, Associate, or Professor rank. The successful candidate will work in the Division of Laboratory Medicine at the University of Vermont Medical Center and join our current faculty in the section of Clinical Chemistry. The applicant must be a physician (M.D. or D.O.) who is board certified/board eligible in Clinical Pathology and is either board eligible/certified or has at least 3 years of experience in Clinical Chemistry. The candidate should be an enthusiastic teacher who will provide education to medical students, residents, and clinicians. The candidate is expected to pursue scholarly activities and/or clinical research and should provide a description of their academic work and future plans in their cover letter. The Department of Pathology and Laboratory Medicine provides academic effort for an initial three years, allowing our new faculty to develop scholarly and educational activities aligned with their interests.

The University is especially interested in candidates who can contribute to the diversity and excellence of the academic community through their research, teaching and/or service. Applicants are required to submit a separate statement of advancing diversity and inclusive excellence. The University of Vermont is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other category legally protected by federal or state law. The University encourages applications from all individuals who will contribute to the diversity and excellence of the institution.

Burlington is a New England university city situated on the shores of beautiful Lake Champlain to the west, and bordered by the Green Mountains to the east, both of which offer easy access to year round outdoor recreational activities/sports. Burlington is within driving distance to major US and Canadian cities and was recently voted one of the most desirable cities in the USA in which to raise children.

Interested individuals should apply online at <https://www.uvmjobs.com> and reference position number 00026541. Please include in your application a detailed introductory cover letter summarizing your qualifications, expertise, and prior contributions to inclusive excellence, a curriculum vitae and names and contact information for three references. Review of applications will begin immediately and continue until the position is filled; however, we strongly encourage the submission of materials by June 15, 2023. Please direct any questions regarding the application process to:
