

POSITION OPENING - Forensic Pathologist LOCUM TENENS

American Forensics is seeking a LOCUM TENENS Forensic Pathologist for our friendly and professional Mesquite, TX office.

American Forensics, LLC is a NAME accredited and ISO/IEC17020-2012 full service forensic pathology group, headquartered in Mesquite, Dallas County, Texas providing Medical Examiner services including death investigation, forensic, private autopsies, expert forensic testimony.

The successful candidate will join two (2) board-certified forensic pathologists who administer services to the citizens of Texas. American Forensics is entering our 12th year of successful business within the community and the State.

- In 2019, American Forensics became the first institution nationally providing Medical Examiner/Forensic Pathology services to be accredited to meet the requirements of ISO/IEC 17020:2012 in the field of Forensic Pathology by ANAB.
- In 2013, American Forensics became the first private company to pass NAME Accreditation for Autopsy Services and maintains current Full Accreditation.
- The office primarily serves approximately 35 counties in Texas and is the preferred regional provider for federal government agencies. Our ABMDI Death Investigators provide 24/7 investigation.
- Minimum requirements include: M.D. or D.O. degree, certification by the American Board of Pathology in Anatomic Pathology and Forensic Pathology and must have current Texas Medical License.
- Compensation is \$800 per case. Forensic and private autopsy cases. Autopsy caseload averages 3 cases per day.
