

CLARK COUNTY OFFICE OF THE CORONER/MEDICAL EXAMINER (CCOCME) LAS VEGAS, NEVADA

Forensic Pathology Fellowship

The NAME-accredited and IAC&ME-accredited Clark County Office of the Coroner/Medical Examiner (CCOCME), in conjunction with the Kirk Kerkorian School of Medicine at UNLV, offers a one-year ACGME-accredited fellowship training program in forensic pathology. The office serves Clark County, Nevada, which includes Las Vegas and surrounding urban and rural areas, with a combined population of over 2.4 million people and an additional 45 million visitors each year. In 2025, there were 17,798 deaths in Clark County. CCOCME was contacted regarding 8,432 of these deaths, of which 5,683 deaths required a full investigation, and 3,852 deaths, including 125 child fatalities, required a forensic examination performed by a forensic pathologist.

Train in a Modern Forensic Facility

Our 20,500 sq. ft facility is located directly across from the Kirk Kerkorian School of Medicine at UNLV and has a fully equipped autopsy suite with four tables, and a separate special procedure autopsy suite with two additional tables. The office is currently equipped with a FOBOS radiology system, fixed specimen cutting room (equipped with formalin hood, computer, and dissecting scope), histology lab with tissue storage space, a large conference room for meetings and legal proceedings with projection capabilities and semi-private office space for fellows with individual computers and microscopes.

About the Forensic Pathology Fellowship Position

The fellow trains under the supervision and guidance of experienced board-certified forensic pathologists, participates in scene investigations, and is responsible for complete postmortem examinations (approximately 200-250), including thorough reports that effectively convey their findings and opinions. The fellow must have good communication skills to discuss cases with family members, law enforcement, and attorneys; participates in conferences with interested parties; assists in teaching rotating medical students and other medical trainees; and receives education in court testimony procedures. The fellow devotes six to ten weeks to laboratory experience (e.g., toxicology, anthropology/odontology, and crime laboratory) and gains proficiency in all ACGME competencies.

CLARK COUNTY OFFICE OF THE CORONER/MEDICAL EXAMINER (CCOCME) LAS VEGAS, NEVADA
