

Position: Clinical Chemistry Laboratory Medicine Physician

Institution: University of Vermont, Department of Pathology and Laboratory Medicine

Location: Burlington, Vermont

Academic Rank: Assistant, Associate, or Professor (Clinical Scholar Pathway, non-tenure)

Job Description: The Department of Pathology and Laboratory Medicine at the Robert Larner, M.D. College of Medicine at the University of Vermont is actively seeking a full-time Clinical Pathologist with a specialty expertise in Clinical Chemistry. The hospital-based, clinical laboratory at the University of Vermont Medical Center provides patient care testing as part of the UVM Health Network, and serves as a regional reference laboratory for Vermont, New York, and New Hampshire clients. This is an exciting opportunity for a qualified individual to contribute to a dynamic healthcare setting and experience the excellent quality of life available in northern Vermont.

Highlights:

- Work in the Division of Laboratory Medicine at the University of Vermont Medical Center.
- Join 2 faculty colleagues in the section of Clinical Chemistry, which performs both high-volume and specialized testing for patient care.
- Engage in educational activities for laboratory technical staff, medical students, residents, and clinicians.
- Pursue scholarly activities and clinical research, with initial academic support provided for three years.
- Partner with colleagues at the Laboratory for Clinical Biochemistry Research (LCBR). The LCBR is a biorepository for multiple NIH funded cohort and clinical studies and the core laboratory for biomarker assays. LCBR investigators work in numerous disciplines including epidemiology, biochemistry and trans-omic research.

Qualifications:

- MD or DO with board certification/eligibility in Clinical Pathology by the American Board of Pathology, AND/OR
- PhD in chemical/clinical laboratory sciences with board eligibility/certification approved by Health and Human Services
- A strong commitment to teaching and research in an academic setting.
- Interest in contributing to the diversity and excellence of the academic community through research, teaching and/or service.

The University Offers:

- A stimulating and inclusive academic environment.
- A commitment to supporting diversity and excellence.

- A competitive package including academic support, comprehensive benefits, and access to many of the University's resources.
- A vibrant location in Burlington, with access to outdoor activities and proximity to major cities.

Application Process: Interested candidates should apply online at <https://www.uvmjobs.com>, referencing the specific position number 00026541. Applications should include a cover letter summarizing qualifications and contributions to diversity, a curriculum vitae, and names/contact information for three references. Review of applications will begin immediately and continue until the position is filled, with a submission deadline of February 15, 2024.
