ONONDAGA COUNTY, NEW YORK IS HIRING: **CHIEF FORENSIC AUTOPSY TECHNICIAN**

Located in the center of New York State, Onondaga County is home to the City of Syracuse. We are within a 5-hour drive from New York City, Toronto, Boston, Philadelphia, and the Adirondack Mountains, and are conveniently situated at the intersection of Interstate 81 and the New York State Thruway.

Our four-season climate provides warm summers for boating on the Finger Lakes, vivid fall foliage in our surrounding countryside, blankets of snow for winter sports enthusiasts, and budding springtime shopping and dining in our unique lakeside villages of Skaneateles, Cazenovia, and Geneva.

The Central New York (CNY) region is home to 35 higher education institutions including Syracuse University. This network plays a part in CNY's rich innovation and entrepreneurial opportunities. Syracuse is also known as one of the top green cities in the US, and is named one of the most affordable cities to live in the US.

From tech, the arts, cultural events, and beautiful natural surroundings to sports and seasonal outdoor activities, Onondaga County is a great place to live, work, play, and raise a family.

POSITION AVAILABLE:

CHIEF FORENSIC AUTOPSY TECHNICIAN

100 ELIZABETH BLACKWELL ST, SYRACUSE, NY 13210

315.435.3163 | ONGOV.NET/HEALTH/MEO

The Chief Forensic Autopsy Technician is responsible for supervising and managing the forensic autopsy technician staff and the technical aspects of forensic autopsy technician work. The Chief Forensic Autopsy Technician works under the direct supervision of the Chief Medical Examiner.

An employee in this class is responsible for supervising, training and the overall management of morgue-related activities among the forensic autopsy division. Direct supervision is exercised over forensic autopsy technician personnel. Does related work as required.

TYPICAL WORK ACTIVITIES include but are not limited to:

- Supervises, assigns and evaluates work and provides training where appropriate for forensic autopsy technician staff.
- Assists the Medical Examiner by set-up before and cleanup after the autopsy and renders dissection and assistance as directed by the Medical Examiner during the autopsy.
- Eviscerates and weighs organs; takes digital photographs and x-rays.
- Assists in the collection and preservation of clothing, physical and biological evidence for forensic analysis, including forensic toxicology, clinical chemistry, serology and microbiologic testing as directed, and according to established procedures.
- Processes decedents into the facility prior to examination, including required chain of custody and case information data entry and/or paperwork and releases decedents to funeral homes.
- Oversees and assists with maintaining the morgue and autopsy rooms and floors in a clean, sanitary and orderly manner; cleans and sterilizes equipment; checks for proper ventilation and condition of equipment.
