

Contract Forensic Pathologist Opportunity

The Allegheny County Office of the Medical Examiner (ACOME) is seeking qualified contract Forensic Pathologists to fill in coverage gaps from April 2024 onward.

The ACOME is accredited by both the National Association of Medical Examiners and ANAB (ANSI National Accreditation Board).

Postmortem examinations are performed at the ACOME seven days a week; examinations are generally performed between the hours of 8 AM and 4 PM. On-site staff include skilled autopsy technicians/photographers. Ancillary services include professional consultants and a complete on-site suite of Forensic Laboratories.

The proposed compensation rate for the contract forensic pathologists is \$1,125/case. The contract pathologists must accept assignments of all types of Medical Examiner cases. The contract pathologists are expected to use good judgement and consideration of broad-based (eg NAME) recommendations when deciding on performing external-only vs complete postmortem examinations.

A Pennsylvania medical license, Board certification in Forensic Pathology, and appropriate insurance coverages will be required for the position.
