## Privately Owned Company hiring Forensic Pathologist

Due to a planned retirement, we have a full-time position with flexible schedule opening. Monday to Friday, no weekends or holidays. No call. Benefits include paid vacation, sick leave.

100% Employer paid dental and medical coverage, 401(k) matching, retirement plan, and profit share. Additional perks include expense reimbursement for medical license maintenance, professional membership allowance, and continuing education reimbursement.

### Responsibilities:

- Perform autopsies to determine cause of death and collect evidence for further analysis.
- Examine tissue samples using various laboratory techniques to identify abnormalities or diseases.
- Work closely with law enforcement agencies and legal professionals to provide expert testimony in court cases. (No scene investigations.)
- Document findings accurately in reports and maintain detailed records.
