FACULTY POSITION IN FORENSIC AND AUTOPSY PATHOLOGY

The Department of Pathology at The University of Iowa Roy J. and Lucille A. Carver College of Medicine seeks candidates for an Assistant, Associate or Professor position on either the tenure track or non-tenure clinical track to take part in an active forensic and autopsy pathology service with or without surgical pathology or other areas of pathology. Required qualifications include:

- MD or equivalent
- Forensic pathology fellowship training with board certification (or "board eligible")
- Graduation from an accredited Anatomic Pathology or Anatomic Pathology/Clinical Pathology residency program
- Board certified or board eligible in Anatomic Pathology or Anatomic Pathology/Clinical Pathology with the credentials required to obtain a medical license in the State of Iowa

In addition to the required qualifications, the following qualifications are highly desirable:

- Demonstrated ability to excel at teaching and scholarship
- Demonstrated interest in family consent autopsies
- Additional training/interest in another subspecialty area of pathology

This position will sustain forensic pathologist availability in SE Iowa and the new faculty member will also have an appointment as a Medical Examiner for Johnson County, IA.

Applications should include a CV, a letter of interest containing a statement of career goals, and the names and addresses of three individuals who could provide letters of reference.

Successful candidates will be required to self-disclose any misconduct history or pending research misconduct investigation including but not limited to sexual misconduct in prior employment and provide a related release and will be subject to a criminal background and credential check.

The University of Iowa is an equal opportunity employer. All qualified applicants are encouraged to apply and will receive consideration for employment free from discrimination on the basis of race, creed, color, religion, national origin, age, sex, pregnancy (including

childbirth and related conditions), disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, or associational preferences.
