

# FORENSIC MEDIAL

## Position Location: Kansas City, KS

### NOW HIRING FORENSIC PATHOLOGIST

**SALARY: \$230,000+ based on experience**

Forensic Medical Management Services began operations in Kansas in 2017 and cover over 65 counties in Kansas and Missouri. We moved into a new facility in July of 2023. Forensic Medical employs several full-time and locum board certified forensic pathologists. We also employ a full staff of death investigators, forensic technicians and administrative support staff. We also utilize a web-based database allowing remote access to case files when working from home.

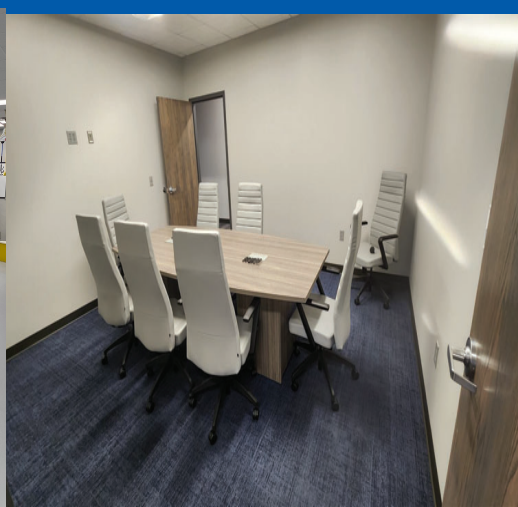

#### **JOB DUTIES**

Perform forensic examinations and expert testimony.

Minimum requirements: M.D. or D.O. degree, certification and eligibility for medical licensure in Kansas and Missouri.

## **BENEFITS**

In addition to the salary we offer a comprehensive benefit package including:

- Medical, dental, vision, HSA contributions, short-term & long-term disability and life insurance
- Annual vacation and paid holidays
- 401(k) retirement plan
- Annual merit increases and year-end bonuses
- Paid CME for national conference
- Paid malpractice Insurance and fees for certifications and licenses
- Relocation assistance.

We urge you to consider Forensic Medical Management Services for your next career move. We have been operating as a privately-held forensic pathology company since 1997 and have extensive experience in all jurisdictions. Our office in Kansas City serves Counties in Kansas and Missouri and operates under both medical examiner and coroner jurisdictions.

Kansas City is known for various professional sports, great barbeque and other food, jazz and other great city culture and traditions. To find more out about Kansas City, visit:
