

Forensic Pathologist Locum Tenens – Hidalgo County, Texas

A private forensic pathology group in South Texas is seeking a board-certified forensic pathologist with a Texas license for a one month locum tenens position in Hidalgo County Texas. The one month can be divided into separate two week schedules if the combined time is six weeks or less. The position pays \$1,000 per case. The pathology group covers the cost of air fare, provides a Lexus NX300, lodging and malpractice insurance. Interested parties may forward a CV to the email listed below. The office performs approximately 37 autopsies per month of which approximately three are homicides. The forensic center is located in Edinburg, Texas near South Padre Island and the border with Mexico and is a 15,000 square foot stand alone facility with a new LODOX. The office is currently staffed by one forensic pathologist, one medicolegal death investigator, three autopsy technicians and administrative support staff. Please contact Phillip Farley with any questions pertaining to this position.
