

Forensic Pathologist Locum Tenens – Hidalgo County, Texas

A private forensic pathology group in South Texas is seeking a qualified forensic pathologist for a locum tenens position in Hidalgo County Texas. The office is seeking a forensic pathologist to staff the morgue for either Monday through Friday or Monday, Tuesday. The position pays \$1,500 per day with an additional \$60 per diem. The pathology group covers the cost of air fare, provides a Lexus NX300, lodging and malpractice insurance. Applicants must be board certified by the American Board of Pathology in Anatomic Pathology or Combined Anatomic and Clinical Pathology, board certified or eligible in Forensic Pathology and possess a Texas medical license. Interested parties may forward a CV to the email listed below. The office performs approximately 450 autopsies per year and is located in Edinburg, Texas near South Padre Island and the border with Mexico. The forensic center is a 15,000 square foot stand alone facility with a new LODOX. The office is staffed with one forensic pathologist, one medicolegal death investigator, three autopsy technicians and administrative support staff. Please contact Phillip Farley with any questions pertaining to this position.
