

About the facility

Located in Pocatello, the Eastern Idaho Forensic Pathology Facility is the first of its kind in our beautiful State of Idaho. This facility will cover autopsy services for 17 counties in East Idaho. With a caseload anticipated to be under 200 per year, this facility offers a great opportunity for work-life balance while providing pathology services to county coroners. Additionally, there will be an opportunity for an education and research component through Idaho State University.

Position Highlights

- Salary range: \$250,000 - 300,000
- Low caseload (<200/year)
- Flexible schedule
- Brand new facility
- Paid medical license to Idaho State Board of Medicine
- Paid memberships and subscriptions to NAME, IACME, AMA, Idaho Medical Association
- One paid conference per year
- Paid continued medical education

Benefits Package

PERSI RETIREMENT PLAN

The Forensic Pathologist position is eligible for the Public Employee Retirement System of Idaho (PERSI), one of the nation's strongest retirement programs. It is a hard-to-find Defined Benefit plan which provides benefits to vested members for life.

GREAT INSURANCE

The Forensic Pathologist position is eligible for the Government Medical Plan (GEMPlan), which provides health, dental, vision, pharmacy, and mental health insurance with low deductibles and employee contributions.

\$22/month employee | \$32/month dependent(s)

\$500 deductible employee | \$1,000 dependent(s)

PAID TIME OFF

In addition to 10 paid holidays a year, employees accrue vacation and sick leave at a rate of 4 hours each pay period, which increases with the length of service.

ADDITIONAL BENEFITS

Other benefits include life and disability insurance, employee assistance programs, employee health fairs, and flex spending accounts.
