Due to a planned retirement, we have a Forensic Pathology position opening!

LOOKING FOR A FLEXIBLE JOB WITH FULL-TIME SALARY and FULL-TIME BENEFITS?

Look no further!

Unmatched flexibility: As an employee, you'll have the freedom to set your own schedule and work when you want! The balance of work and life that many can only dream of is a reality here.

No On-Call and NO Medical Directorships!

Unique case variety: You'll handle approximately 200 complete autopsies per year, with diverse and challenging cases. Our practice is well-supported with an on-site imaging system.

Scenic location: Located in the heart of the Black Hills, it offers a serene and outdoor-oriented lifestyle. Enjoy hunting, fishing, hiking, rock climbing, skiing, ATV riding, golfing, and more, all within your reach. Known for some of the country's most breathtaking national parks, you'll find peace and adventure in equal measure.

No scene investigations: CLBH operates under a coroner system, so you'll focus purely on postmortem examinations—no scene investigations required.

Responsibilities: Perform forensic autopsies to determine cause of death and collect evidence for further analysis. Work Closely with law enforcement agencies and legal professionals. (no scene investigations.) Document findings accurately in reports and maintain detailed records.

• **100% pathologist-owned:** Be part of an independent, pathologist-led practice. You'll receive support from our experienced team while providing services to a major hospital system and surrounding communities in western South Dakota.

• **Competitive compensation package:** Hiring salary is competitive!

• **Comprehensive benefits:**

- 100% employer-paid health & dental insurance!
- Paid time off (PTO) & paid CME
- Paid medical license, membership, and subscriptions.
- Retirement plan with employer contributions
- **Incredible profit-sharing plan:**

Share in the success of the practice with a highly rewarding profit-sharing plan, This plan is one of the best in the industry!

About us: For over 60 years, CLBH has been a leader in pathology services throughout the Black Hills region. We are proud of our long-standing history and our dedication to providing excellent forensic pathology services to the community.

About you: You must hold an M.D. or D.O. and be board-certified (or board-eligible) in forensic pathology, with a commitment to excellence, integrity, accuracy, and detail-oriented investigative work.

This is an opportunity to build the career you've always wanted in a place that truly values your time and expertise. If you're looking for the perfect work-life balance, a flexible, rewarding role, and a scenic, tranquil environment, then this is the job for you!
