

Unique position: Combined forensic pathologist/surgical pathologist

Hospital-based private pathology practice seeking a full-time pathologist that enjoys both surgical pathology and forensic pathology in beautiful Western Colorado (office based in Grand Junction).

Position includes four day work-weeks, very little on-call duties and appropriate benefits.

Also will consider those looking to do forensic pathology only or surgical pathology only or for those seeking part-time work.

Salary based on experience and pathology services provided (forensics vs. surgical pathology vs. combined forensics/surgical)
