*Indicates Member of Executive Committee

The National Association of Medical Examiners (NAME) is proud to announce that we will be sponsoring the Forensic Pathology Fellowship Match through the NRMP. The first positions eligible for the Match will be for July 2024. The actual Match Day will be in the spring of the year before (2023). This will result in more time for residents to be exposed to different areas of pathology prior to application for fellowship. Of the 73 forensic pathology fellowship positions available, 69 (95%) will be offered through the Match, signifying the strong support for Match participation for forensic fellowships.

We urge you to spread the word, both to pathology residents and faculty, but also through your professional organizations. We are proud to offer this to our future fellows and hope others in pathology will join us.

James Gill, M.D.
